Andy

I'm from Barcelona

Andy, Andy, Andy, AndyAndy, you really want to do this
You're ending up in showbiz
You really want to go?Andy, you really want to go there
(Andy)
They're messing up your hair
(Andy)
You really want to go?We could need someone like you in our band
Andy
No audition and you don't have to pretend
Andy, AndyFeelings, you're so full of feelings
You're wearing them like earrings
All over your faceAndy, you really want to go there
(Andy)
They're messing up your hair
(Andy)
You really want to go?We could need someone like you in our band
Andy
No audition and you don't have to pretend
AndyWe could need someone like you in our band
Andy
No audition and you don't have to pretend
Andy, AndyAndy, Andy, Andy, Andy
