Quba

When your soul finds the soul
It was waiting for
When someone walks into your life
Through an open door
When your hand finds the hand
It was meant to hold
Don't let go
Someone comes into your world
Suddenly your world has changed foreverNo there's no one else's eyes
That could see into me
No one else's arms can lift
Lift me up so high
Your love lifts me out of time
And you know my heart by heart
When you're one with the one you were meant to be find
Everything falls in place, all the stars align
When you're touched by the cloud that has touched your soul
Don't let go
Someone comes into your life
It's like they've been in your life foreverâ€¨
No there's no one else's eyes
That could see into me
No one else's arms can lift
Lift me up so high
Your love lifts me out of time
And you know my heart by heart
So now we've found our way to find each other
So now I found my way, to you
No there's no one else's eyes
That could see into me
No there's no one else's eyes
That could see into me
No one else's arms can lift
Lift me up so high
Your love lifts me out of time
And you know my heart by heart
And you know my heart by heart
And you know my heart by heart
And you know my heart by heart
