

Gold (Dabruck & Klein Radio Cut) [feat. JanSoon]

[ATB](#)

My feet just need some action, and I am out of patience
May I ask you to fix it, I'll come a little closer
Somehow you remind me, as I watch you from the distance
Your eyes are the purest You are gold My feet just need some action, and I am out of patience
May I ask you to fix it, I'll come a little closer
Somehow you remind me, as I watch you from the distance
Your eyes are the purest You are gold My feet just need some action, and I am out of patience
May I ask you to fix it, I'll come a little closer
Somehow you remind me, as I watch you from the distance
Your eyes are the purest You are gold My feet just need some action, and I am out of patience
May I ask you to fix it, I'll come a little closer
Somehow you remind me, as I watch you from the distance
Your eyes are the purest You are gold You are gold
Somehow you remind me, as I watch you from the distance
Your eyes are the purest
You are gold
