

# Battle Scar

**Kim Mitchell**

Been in jail for a thousand years  
Found a fist in an empty field  
Only quarters for meals  
Feel the way I feel  
Bust the busters  
Screw the feeders  
Make the healers  
Feel the way I feel  
Tried to understand the white man's fears  
Make 'em bend but they wouldn't yield  
Uncle Sam's time is only a greased wheel  
Feel the way I feel
