

# Too Late to Say Goodbye

## Cage the Elephant

Oh my precious ember burning my sweet glowing light  
From the moment I first saw you I was yours and you were mine  
Deep down we both knew you were trouble by design  
And the echo of my mother's words baby don't you play with fire  
I was always playing the part first love only \_\_\_\_\_  
there was no way changing my mind\*\*Chorus\*\*  
Now I'm under your spell, trapped in a lie, shouldn't have stood that close to the fire, no turning back, no where  
to run, no where to hide, it's too late to say goodbye  
Push back from my heart, wish we go back to the start but oh my God is this real no more time  
It's too late, It's too late to say goodbye.I can hear the sounds of sirens circling around  
Forced to watch the ashes floating softly drifting to the ground  
Deep down we both knew it was trouble by design  
And the echo of my mother's words baby don't you play with fire  
I was always playing the part first love only \_\_\_\_\_  
there was no way changing my mind\*\*Chorus\*\*After all the dust has settled we can settle down  
Just the two of us forever no one else around  
no one else around aroooound\*\*Chorus\*\*
