Skye

Then we both went home  
On separate trains  
When the heart had gone  
Out of it But I'm not gonna cry  
I wanna laugh again  
I'm not gonna try  
When it isn't happening  
I'll just let it go Can you feel me now?  
Powerful  
Do you hear me now?  
Every thing's possible  
Wonderful, feel like I'm beautiful When we both look back  
We don't see the same  
I don't need to deal with  
That hurt again 'Cause I'm ready to fly  
I've gotta spread my wings  
I don't wanna die without living  
Just let me go Can you feel me now?  
Powerful  
Do you hear me now?  
Every thing's possible  
Wonderful, I feel like I'm beautiful You told me that I could never love  
Without you  
I didn't argue with the fact  
I guess I was happy with that  
At the time Can you feel me now?  
Powerful  
Do you hear me now?  
Any thing's possible Can you feel me now?  
Powerful  
Do you hear me now?  
Any thing's possible  
Wonderful, feel like I'm beautiful  
Natural, lyrical, no longer cynical Then we both went home
