Tryin' to Hollywoodize the realness but ain't sayin' nothin'
The tailor made King of New York designer walk
Prince of Wales hundred sales stock broke and hotels
Playa hyply them niggas dislikin' me
Challenge my style politely, that's like fightin' whitey
Here we go again Lord climb aboard Stevie Wonder award
From here to U.K movin' on your broad
Speak through ninex go ahead and rhyme next dun
Runnin' up on nine vets, minds rep, weep on your projects
All greenery on see on lights movin' like deion
The eagle on plus scream on all y'all bitches
The blair witch rich nigga vision comprehension
Listen it's called slang optimism
Connect dots niggas is large you can't see us
Y'all select cops screamin' niggas bars on your drops yo
Damn what the world became of a nigga buy a chain
And he think he a thug here drink a slug

Yo just a bark from the tree of life niggas ain't eatin' right
Give 'em a taste and let 'em see the light

Tryin' to Hollywoodize the realness but ain't sayin' nothin'
Them fake duels any real niggas baby make moves
Pay dues bitches who relate rock shoes yo
Damn them niggas stay frontin'
Tryin' to Hollywoodize the realness but ain't sayin' nothin'
Fake duels any real niggas baby make moves
