This Is What It Feels Like (R&B Mixtape Edit)

Banks

I hang on everything that you say
You know I can see all the things that imply
You secretly are in love
And finally when I let myself fall hard for you, I
see you trying to pretend, like I'm making it up
This is what it feels like
This is what it feels likeBring it down, bring it on
Bring it now, bring it on
This is what it feels like now
It's getting old
Bring it down, bring it onRemember the first love that we made
You said that you couldn't sleep 'cause of me
told me, I caught you off guard
And then when you saw I felt the same, you pulled away
Started acting like being with me was too hard
This is what it feels like
This is what it feels like
This is what it feels likeBring it down, bring it on
Bring it now, bring it on
This is what it feels like now
It's getting old
Bring it down, bring it onBring it down, bring it on
Bring it now, bring it on
This is what it feels like now
It's getting old
Bring it down, bring it onBring it down, bring it on
Bring it down, bring it on
This is what it feels like now
It's getting old
Bring it down, bring it on
