

# Get Out While You Can

James Bay

I've been looking all night watching them empty hours  
Invisible to these crowds, always double vision  
I've been losing my mind listening to broken speech  
Stacking up broken seats, it's a lonely picture  
And I hear your voice as it echoes 'round my head  
Always that same thing that you said Get out, get out, while you still can  
Don't let the nights slip through your hands  
The world is wide from where you stand  
So get out, get out while you still can  
Ooh ooh, ooh ooh As I'm sweeping up glass, I see the exit lights so green  
There's people falling into the streets  
Something comes together  
I've been here too long and if I stay, they'll tie me down  
I know this trench won't hang around, so I'm gone forever  
And I hear your voice as it echoes 'round my head  
Always that same thing that you said So get out, get out, while you still can  
Don't let the nights slip through your hands  
The world is wide from where you stand  
So get out, get out while you still can  
Ooh ooh, ooh ooh, ooh ooh, ah Packing up my suitcase, racing down for gun street  
Making my tracks along the cracks in the coke  
Seeing those headlights shining down upon my feet  
If you find me, you will find me on the run  
For all the bleeding hearts pushing 'round the shopping carts  
I've seen the green of glass, I've seen the faster cars  
And I don't need your heavy hours  
I don't need your lonely bars  
I'm ejected like a bullet from a gun  
So take your final look at me, may even take my hand  
Standing on the staircase, come and chase the master plan  
Long way to get away, play it like a grand slam  
This is no encore, we have only just begun So get out, get out, while you still can  
Don't let the nights slip through your hands  
The world is wide from where you stand  
So get out, get out while you still can  
Ooh ooh, ooh ooh, ooh ooh, ah  
Ooh ooh, ooh ooh, ooh ooh, ah
