Silver Star

The Four Seasons

In my dream I'm a western hero
Riding my Palomino
Silver Star, there you are, Silver StarGot my gun and my white ten gallon
Bigger than life , I reckon
Silver Star, there you are, Silver StarSilver Star, Silver Star
In my dream I make much dinero
Chasin' the Bandelleros
Silver Star, there you are, Silver StarBut he - he gave me a nine to five, honey
Ain't livin' but I'm alive
Sure cut me down to size
He gave me the second prizeI'm layin' it on the line, honey
I'll let it go by this time
Next time around, I'll swear
Gonna get me somewhere, somewhereIn my dream I'm a desert hero
Bigger than Valentino
Silver Star, there you are, Silver Star
Leading ladies in warm embraces
Ecstasy on their faces
Silver Star, there you are, Silver Star
