Good Morning

Max Frost

Hello good morning, how ya doing?
Waking up shaking off yesterday's booze yeah
Turn the TV off cause bad news man
Feeling fresh like a Ziploc new man
OJ with a champagne tune up
Mimosa holy ghost running through
Hell yeah, it's a new hallelujah
Popping like the top off a bottle and I ain't stopping yeahBaby it's a brand new day
Ain't no clouds hanging over me
Something doesn't feel the same
The rest of my life gonna start today
Good morning
Good morning
Good morning
The rest of my life gonna start today
Calling out the ocean, this is evolution and I
Grow into another animal, a next level
I'm spreading wings and I just wanna sing
In the future, now the past can't hold me
Forget about yesterday, Paul McCartney
I'm feeling like a Beatle on stage
And the whole wide world's gonna know my nameBaby it's a brand new day
Ain't no clouds hanging over me
Something doesn't feel the same
The rest of my life gonna start today
Good morning
Good morning
Good morning
The rest of my life gonna start todayLadies and gentlemen
This part right here's very simple
It goes like this
I've been up, I've been down
But I got the feeling right now
I've been up, I've been down
But I got the feeling right now
I've been up, I've been down
Do you got the feeling right now?Baby it's a brand new day
Ain't no clouds hanging over me
Something doesn't feel the same

The rest of my life gonna start today
Good morning
Good morning
Good morning
The rest of my life gonna start todayGood morning
Good morning
Good morning
The rest of my life gonna start today
