Yesterday

Copperview

You turned away
The feelings gone for oh so long
I held you
My number one
And the price I pay
I see your face in every place I run to
On my ownYour philosophy it seems to me that you've already come and gone
You're leaving me
Only time will tell if the words you sell if they will hold up on their own
You're leaving me alone
You take my Yesterday
My everything
It's all over now, over now I say
You take my yesterday
My everything
It's all over now, over now I say
You're fucking leavingWords were thrown
Ring in my head over again
I'm tired
I can't let goYour philosophy it seems to me that you've already come and gone
You're leaving me alone
Why'd you have to go and take my Yesterday?
My everything
It's all over now, over now I say
You take my yesterday
My everything
It's all over now, over now I say
You're fucking leavingLittle girl yes you drive me crazy
The way you move, what you do, and what you gave me
All these feelings drive me straight out of my mind
Tell me now what am I to do lately
Say the words, I'll come running say you need me
Say you'll never ever leave my sideYesterday
My everything
It's all over now, over now I say
Take my yesterday
My everything
It's all over now, over now I say
It's all over

It's all over now
Over now
Over now I say
You're fucking leaving
