Fallen

Mariachi El Bronx

Our bodies lie,
emotionless together,
as your eyes move over me
were intertwined in everything forever
so don't forget to breath
cause soon i'll become your wife
its just a matter of time
I think I'm fallen (X2)
Its ill advised and sharp enough to sever
your heart from your mind
Ive been redesigned and stolen by surrender
so don't forget to breath
cause I
I lose my mind when your hands in mine
I think I'm fallen (X4)
[Don't let this be
a cruel one way street
cause i cant survive on my own
I think Ive fallen I think Ive fallen]=(X2)Dustgorilla!
