Caleidoscopic Gaze

Stereolab

All the women who understand
How natural and good it is
To bare all clothes
And bring the smile of knowledge
Try the freedom that comes with itWith a smile, trumpets and drums
The desire for meaning comes
With a smile, trumpets and drums
The desire for meaning comesRoaring inside her woman and anger
Roaring inside her woman and ire
Roaring inside her woman and anger
Roaring inside her woman and ire
