Gimme Deathrace

Combichrist

Gimme deathrace
I got war masturbation and sonic revelation guaranteed to come back for more Yeah!
We got big block power a hundred miles an hour exactly what you waiting for?
We got napalm big guns and body of steel. Buried in rust so you know when it's real
Get it on. Get it on. Gimme some. GIMME SOME!DEATH RACE BABY GIMME SOME GIMME SOME MORE! GIMME SOME MORE!
GIMME SOME!The smell of gasoline in our world is obscene. That fuel could last us for days
Solid horse power, engine with a growl. We came to race and we want it all.
We're all stacked up choose a person of choice. Feel it burning inside.
Get it on. Get it on.
gimme some gimme some.DEATH RACE BABY GIMME SOME GIMME SOME MORE! GIMME SOME MORE!
GIMME SOME!
