Shop Floor

Jersey

What is the mission today? Produce without injury
(Where'd you go? Where'd you go? Where'd you)
Can you feel the steel, the steel? It's in my mouth my hair it's in my head
(Where'd you go? Where'd you go? Where'd you)I wear the scars of my own actions
(Where'd you go? Where'd you go? Where'd you)
Shop floor, turn up the radio
(Where'd you go? Where'd you go? Where'd you)I've got this boss, "Son" he said, "What are you doing here?"
There's more to life, you've got much more to give
This is it for me, don't end up in hereIf I'm the first mother fucker in, I'm the last mother fucker to leave
(Where'd you go? Where'd you go? Where'd you)
I'm tired of working for the weekend and that sip of beer
(Where'd you go? Where'd you go? Where'd you)I wear the scars of my own actions
(Where'd you go? Where'd you go? Where'd you)
Shop floor, turn up the radio
(Where'd you go? Where'd you go? Where'd you)I've got this boss, "Son" he said, "What are you doing here?"
There's more to life, you've got much more to give
This is it for me, don't end up in hereHave I wasted all these years?
No there's no reason, it's not clear
No son, you've made an impact on our lives
You and your friends rememberThis is it for me, don't end up in here
Die hard, die hard
