

For What It's Worth (Losers Maximal Techmix)

Placebo

The end of the century
I said my goodbyes
For what it's worth
I always aimed to please
But I nearly died For what it's worth
Come on lay with me
Cause I'm on fire
For what it's worth
I tear the sun in three
To light up your eyes For what it's worth
For what it's worth
For what it's worth
For what it's worth Broke up the family
Everybody cried
For what it's worth
I have a slow disease
That sucked me dry
For what it's worth
Come on walk with me
Into the rising tide
For what it's worth
Filled a cavity
Your god shaped hole tonight For what it's worth
For what it's worth
For what it's worth
For what it's worth
For what it's worth
For what it's worth
For what it's worth
For what it's worth No one cares when you're out on the street
Picking up the pieces to make ends meet
No one cares when you're down in the gutter
Got no friends, got no lover No one cares when you're out on the street
Picking up the pieces to make ends meet
No one cares when you're down in the gutter
Got no friends, got no lover For what it's worth
Got no lover
For what it's worth
Got no lover

For what it's worth
Got no lover
For what it's worth
Got no lover
For what it's worth
Got no lover
For what it's worth
Got no lover
For what it's worth
Got no lover
Got no friends got no lover
