Farther Down

Superunloader

I've been searching for days now
I've found something I lost
On a holy roller channel asking me what's the costOn a couch in a cold room
Pouring salt in my wounds
I've been mistake faking truth holding liars balloonsOh, make me fly for something more
You've been asleep for days now living inside your dreams
You know that ain't no way to live or to handle such thingsI wanna shake up your system, I wanna rattle your bones
I wanna take you to the stars and then I'll leave you aloneOh, I would meet you anywhere
But I've been farther down
I saw you somewhere farther downDid I expect it?
Now I'm overcome with fear, mama get me out of here
I've gone farther down than I ever wanna goLighting up the horizon to the city skyline
In a faded aspiration only left in our mindsLet us shake up the system, let's go and rattle their frames
Let's take the highest road away and avoid these trappingsOh, I would meet you anywhere
But I've been farther down
I saw you somewhere farther downDid I expect it?
Now I'm overcome with fear, mama get me out of here
I've gone farther down than I ever wanna goWe stood out in the cold and your eyes, they ate my soul
Beg me to come back down
They beg me to come back downThen the ground ate my leg so I looked up the sky and said
I don't want to go back down
Oh, I've been so far downHeaven help me, heaven help for the way I've been
Farther downDid I expect it?
Now I'm overcome with fear, mama get me out of here
I've gone farther down than I ever, than I ever wanna goFarther down
I saw you somewhere
Farther downDid I expect it?
Now I'm overcome with fear
Mama get me out, mama get me out of here
