Treason

The Teardrop Explodes

I've been living through changes and I could swing for you
I can see the veins in my hands are showing through
But if you disguise what these things are doing to me
If you criticize them, I'll know that you can't see

Until you realise
It's just a story
Until you realise
It's just a story

Consequently my reaction's getting very strange
I can see your course of action leading to a change

You've got to get ready for me
Is it real
Or is it treason
Is it treason?

I've been living through changes, it's not the same thing every day
I hope it's not my age but I wouldn't like to say
Mirror hopping days of coarse reaction, oh it's very hard to fight
I tried to find a plan of action but I couldn't get it right

Until you realise
It's just a story
Until you realise
It's just a story

Until you realise
It's just a story
Until you realise
It's just a story

Oh, until you realise (until you realise)
It's just a story (just a story)
Until you realise (until you realise)
It's just a story (just a story)

Until you realise (until you realise)
It's just a story (just a story)

Until you realise (until you realise)
It's just a story (just a story)

(until you realise)
It's just a story
(until you realise)
It's just a story
