Dr Evening

Danko Jones

Hey little man don't you understand when Dr. Evening comes around
That woman you call your girlfriend
won't be your woman when the sun comes down...step off!
Hey little man don't you understand when Dr. Evening comes around
That woman you call your girlfriend
won't be your woman when the sun comes down
If she wants me she's got me
Dr. Evening says whatever makes her happy
that woman just ain't your woman no more... step off!Oh Baby when I got you in the middle of the night
I can feel your heartbeat pumping
and your arms wrapped around me tight
Now we can try several positions and all of them a compromise,
because the only thing that I want to see
is your boyfriend's look of surprise....step off!Alright, Dr.Evening comes alive when the clock strikes 12 o'clock
Get on the floor, get in the mood, the mood that hits the spot
Now if you can't wait to gyrate
You need it now or you'll suffocate
Dr.Evening's got that elixer for your insatiable state
Try it onYou like it?
You like it?
I knew you'd like it baby.When the evening comes I come alive
