Enter mission

Welcome
To thee
Recruitment.
We're starting a revolution.
This album apart of a movement.
We're breaking the institution.
We're bagging up all the bull shit.
And leaving it for the zombies.
They're feeding off all clueless.
But we gone build an army.

First we start with the art.
That's directed at your heart.
Doing business like a shark.
So that we all can leave a mark.

The martyr is not needed.
The ego is not conceited.
My words will be repeated
Before the company deletes it.
Viva la believe it.
Be a leader
Stand up for your pumpkin eater.
If he's lying tell the cheater
We gone have to to bring the heaters.
For the people I'm the teacher.
For the evil I'm the preacher.
For the others I'm you auntie sister cousin mother.

Oh yes I am.
Oh yes I'm fam. Yo

I'm your biggest fan, & your best friend.
Here to point you in the right direction.
Once again.

See I've been on a mission.
I'm more than a musician.

Appointed this position.
From a higher power, listen.
Trust your intuition.
Forget the repetition.
This world is full of contradiction or suspicion.
But There is no competition ^if you being you.
There's a path for redemption ^if you know the truth.
And the crafty mathematician made you how he wanted to.
So just do what you gotta do.
do what you gotta do.
