

Fool for You

Duane Stephenson

I was a fool for you, a fool for you
I was a fool for you; I was a fool for you
I though youâ€™d have call me baby
Just to say youâ€™d be late again
I though you would care about me
Said you were my best friend
Maybe you think I canâ€™t live without you
Maybe that why you treat me so wrong
Iâ€™m not obligated to you; I am one in this world

Chorus

Donâ€™t be staring through those brown eyes
You must have seen that this was coming
When I tried to talk to you, you turned away
Say you wanna dance; you donâ€™t ever want to argue
You wanna love the night away
Girl I wonâ€™t stay
Say you wanna dance; you donâ€™t want to talk it over
You wanna love the night away
Girl I wonâ€™t stay

Its not that I donâ€™t really love you
Girl I just donâ€™t love your style
All this time youâ€™ve been playing with my mind
Now youâ€™re running out of time
Maybe my love means nothing to you
Maybe youâ€™re seeing through the heart in me
Maybe all that youâ€™re thinking is wrong
Maybe my love ainâ€™t so strong

Chorus

I donâ€™t want to be a fool for you, oh no
Another game that you can play
No I donâ€™t want to play this game with you, no no no

Fun and games wonâ€™t mean the same to you
Oh when itâ€™s said and done
Theyâ€™ll be no love to keep you warm
Youâ€™ll come crying back to me again

Cause when itâ€™s said and done
Get someone else to keep you warm

Say you wanna dance; you donâ€™t ever want to argue
You wanna love the night away

Girl I wonâ€™t stay

Say you wanna dance; you donâ€™t want to talk it over
You wanna love the night away

Girl I wonâ€™t stay
