Sway

Chorus: Sway DaSafo from Dcypha (yeah thats me)
We're always on the hustle

Let me do the first verse first
Getting up at 6 really hurts,hurts,hurts
but once i take shower I'm alert,lert,lert
I'm living proof that prayer really works,works,works
I never knew how much my words were worth
Or the reason that he put me on this earth earth earth
people listen to me because i work work work
put on my jean plus which ever shirt works worst
then I'm (out)
Chrous
I'm so bloody fresh, so damn fly
In my MHI i'm the maharishi guy
some of these other rappers only rock it because I
brought it to their forefront, brought it to their eye
now alot of other brands try to holla at me
wanting to give me, their clothes for free
Well I'm L in a jacket in XL in a Tee
my puma's size 11 shoe size 4 3
38 long (thats in the jeans)
my structure be strong (thats in my jeans)
cash on my jeans, cash in machines
catch me on stage scratching my (uhh oh)
yeah and I'm so G'd up, I do this with my eye's closed and my feet up
and my hands tied balancing a tea cup
on the tip of my nose you rappers could never keep up
Chorus
Yeah i'm a keep it real, a kid with out a deal

Got up and generated nearly quarter of a mil, just settle down chill
i aint reach peak yet,still shine on the bill
with max keen a deal,max pain i am
i came to bang,
not chase the groupies,i chase the grands

rap pays my man,backstage i am
nervous til i think of that grey cayenne,back pains my man
untils i get old i says i am the best
so that says i am
imma alot, and i got more balls then camlet
when i'm on then your whole set dips like camlet
plus ima boss ima boss, i claim i am
camera on camera off
I'm the same my man
cant be stopped until im off
I'm same ima keep improving,digital of analog Im keep it moving
ahhh ha
