

# The Bill Collector (Feat. Krayzie Bone)

## Chamillionaire

[Chorus]

Now your in trouble here comes the bill collecta

Now your in trouble here comes the bill collecta

When I pick up my phone you already know its bout to go down if ya aint got my paper  
Hang up my phone you already know its bout to go down if ya aint got my paper[Verse 1]

Man you know that you had them warrants you kept ignorin the warnin'

You said that is was annoying like payin wasnt important

Your T.V. still in the pawn and you tell them its in the storage

When the police pull you over you be given a oscar performance

A ticket u cant afford it but expire plates on your Taurus

Ur baby momma stay trippn cause none of them kids are supported

You messed up every appointment thats why u aint got employment

And spider webs in ur wallet ur pockets look like they haunted

Always wanted to be famous well u gon get what u wanted

Americas Most Wanted they bout to see you up on it

You normally move like a tortise but you get in car and u floor it But u cant even escape 'cause the repot man  
got you cornered[Chorus]

Now your in trouble here comes the bill collecta

Now your in trouble here comes the bill collecta

When I pick up my phone you already know its bout to go down if ya aint got my paper

Hang up my phone you already know its bout to go down if ya aint got my paper[Hook]

Better pick up ur phone

Better pick up ur phone

Seem like everytime I call I you just I get a dial tone

Pick on ur phone

Better pick on ur phone

Seem like everytime I call you I just get a dial tone[Verse 2]

Better check the check 'cause you checkn checkn you aint got a profit

And you try to hide till the repot man come and shake up them pockets

Im talkin to you cause your rent is due and you aint try to drop it

Till the lights turned off in ur crib just like lamps that aint got no sockets

They coming to get what you got you tryna say you aint got it

You aint paid a payment or part of it half of piece of deposit

So I suggest that it's best that you use some reason or logic

Or the bill collecta is comin to came andsee u about it, got it?[Chorus]

Now your in trouble here comes the bill collecta

Now your in trouble here comes the bill collecta

When I pick up my phone you already know its bout to go down if ya aint got my paper

Hang up my phone you already know its bout to go down if ya aint got my paper[Verse 3 - Krayzie Bone]

Ya'll just better have my dough, cause i'm comin around the corner  
Hundred miles n gunnin'  
Finna ride by dumpin',  
If anybody owe me somethin'  
Then i strongly suggest you runnin'  
Ya'll better respect the bill collecta  
Or you can get chin-checked like the rest of em  
Never did joke when it come to the decimal  
When it come to gettin dough, come a professional  
Fresh and I'm, in it to win it i get it bombin' in the middle  
Anything, everything, over 3 digits  
These suckas they really think Krayzie be slippin'  
But i'm here to tell 'em what i already been through  
Money is a mission, gotta have that dolla bill ya'll  
Fellas willin nuff to kill ya'll  
I might fall, but i get right back up and i still ball  
Still raw, still get down with the Buck-Bang  
So gimme all my change, bust brains 'cause i gotta maintain  
Got just enough game to get me paid  
Just enough aim to leave you layin  
Out on the pavement, down on the game  
Believe me, you'll pay 'cause i got 3 hundred 57 reasons[Chorus]  
Now your in trouble here comes the bill colleta  
Now your in trouble here comes the bill colleta[Operator]  
If you'd like to make a call, please hang up and try again
