

# When Tomorrow Comes

## The Emotions

It's easy for love  
To come and go  
(Yes, it is, yes, it is) For one to be thrilled  
Just one time  
(One or more, one or more) Oh, when, when tomorrow comes  
Will the need still be there'  
(When tomorrow will come to find us)  
I wanna know will you still care 'Will your love for me be the kind of love  
(That will last)  
I wanna know  
(Will it last?) When you reach out to hold  
Tomorrow will you reach out  
(Twice as fast)  
How many times?  
(Twice as fast) Oh, when, when tomorrow comes  
Will your kisses still be hot? Oh, baby  
(When tomorrow comes to find us)  
Will you still want the love I've got?  
This is what I'm tryin' to say (I don't want just a one day lover)  
No  
(Today with me and tomorrow with another)  
What I want is an everyday man  
To prove that he loves me anyway he can Love me, come on, baby  
I know you're a lover  
Don't leave me tomorrow  
Stay with me I want you to thrill me, want me  
Love me, need me, touch me  
Stay right here Don't hurt me, baby  
Oh, no  
Don't make me cry  
No, no
