

Cruise Control

Afi

I will never wanna date you
While I can learn to hate you
If you somehow learn to love me
Well, that's just my luck I would never ever care
If you only wanted friendship
But somehow you're disappointed
That I'm not a slut I don't wanna fuck you
I don't wanna fuck you
I don't wanna fuck you
So fuck you In my mind there is no doubt
That you've been in and out of
Many different backseats
Many times before I can always see your defeat
When I won't leave the front seat
Now it seems your disappointed
That I'm not a whore I don't wanna fuck you
I don't wanna fuck you
I don't wanna fuck you
So fuck you I don't wanna fuck you
I don't wanna fuck you
I don't wanna fuck you I don't wanna fuck you
I don't wanna fuck you
I don't wanna fuck you
So fuck you I don't wanna fuck you
I don't wanna fuck you
I don't wanna fuck you
(I don't wanna fuck you)
So fuck you
