The Soldier

Plan Three

What I would do to be close to you?
What I would do for your love?
I have been fighting in distant wars
You are the one I've been thinking ofWhat I would do to be there with you?
What I would do for your kiss?
I have been traveling in far off lands
You are the only thing I missBut the sand stretches out ahead
Time takes its time
If I don't come back dead
Then I'm coming to make you mineWhat I would do to be close to you?
What I would do for your touch?
As I have been fighting these stupid wars
Baby, I've wanted you so muchBut the sand stretches out ahead
Time takes its time
If I don't come back dead
Then I'm coming to make you mineWhat I would do for your love?
What I would do for your love?
What I would do for your love?
What I would do for your love?
For your love?
