Verse 1

I stopped going to church for a long time cause Ive seen a lot of things

So many things that make me never want to go to church again

But my mama told me, She said never put your trust in no man

And oh, that is why

I want to go to church again. Chorus:

I dont care how the preacher spends all the money

No dont care if the choir director is funny

(I Really dont care) The only thing that matter is (this)

Is my business with the Lord.

I dont have no heaven or hell to put nobody in

Every day I try my best to make it in

(Thats why) The only thing that matter is (this)

Is my business with the Lord. Verse 2

There was a time I didnt care what the preacher had to say

So many dont dos in the church

Just pushed me further away

Dont wear your pants like that

Dont wear your hat to the back

and it started getting old

I was tryna figure out, whats more important

my clothes or my soul? Chorus See I know yall are saying that I Dave you give the church a bad name

But I didnt make these stereotypes

No Im not the blame

Im not trying to say , that everybodys doing wrong

If it wasnt going down there , If it is I still dont care Chorus I dont care what the preacher do (I dont)

Or how the choir director looks at you (I truly dont care)

The only that matters is (this)

My business with the Lord.

I dont have no heaven or hell

I gotta worry about my self

The only thing that matters is (this)

my business with the lord.
