

Nobody

Dani Rey

mama told me
put a lock on your heart
didn't listen, didn't know that
I was wrong from the start
you're a boy that's pretty good lookin
but i know that your playing me now
you think it's all just a game now don't ya
ever think you're gonna drag me down and i aint gonna go that way (no)
gonna stand on my own two feet (si)
maybe i should thank you baby
Showin me what i don't need nobody, ain't nobody gonna break my heart
ain't no way that you're gonna tear my world part
i don't care i won't give it away no it's not what you thought
nobody ain't nobody gonna break my heart
Ohhhhhhhh nah nah eh
Ohhhhhhhh nah nah eh boy you want me
only now that i'm gone
you shoulda known that it was over
when i walked out the door
don't you know you coulda tried harder
oh yeah it coulda been so good
pack it up baby it's game over
I'm done - are we understood and i aint gonna go that way (no)
gonna stand on my own two feet (si)
maybe i should thank you baby
for showing me what i don't need nobody, ain't nobody gonna break my heart
ain't no way that you're gonna tear my world part
i don't care i won't give it away no it's not what you thought
nobody ain't nobody gonna break my heart
Ohhhhhhhh nah nah eh
Ohhhhhhhh nah nah eh Nobody, ain't no way no ain't no way he gonna break your heart
Nobody
Ain't no way no ain't no way can break my nobody
Ain't no way no ain't way he gonna break your heart and i aint gonna go that way
gonna stand on my own two feet
maybe i should thank you baby
you showed me what i don't need nobody, ain't nobody gonna break my heart
ain't no way that you're gonna tear my world part
i don't care i won't give it away no it's not what you thought

nobody ain't nobody gonna break my heart
Ohhhhhh nah nah eh
Ain't nobody gonna break my heart
Ohhh Nah nah eh
Ain't nobody gonna break my heart
Ohhh Nah nah eh
