

Uncomfortable

Cause 4 concern

Uncomfortable
I wish I was comfortable
'Cause I could show you lovable
I'd sit another hour with you
Sympathy
I need a little sympathy
You asked me what I wanna be
I want a little time with you
If I could just see you again
I'd show you who I am
If I could be with you again
I'd show you what, I'd show you what
Uncomfortable
I wish I was comfortable
'Cause I could show you lovable
I'd sit another hour with you

Apathy
I wish that wasn't half of me
I hope it's not the end of me
Not wishing never made it come true
If I could just see you again
I'd show you who I am
If I could be with you again
I'd show you what, I'd show you what
Uncomfortable
I wish I was comfortable
'Cause I could show you lovable
I'd sit another hour with you
I'd sit another hour with you
I'd sit another hour with you
I'd sit another hour with
