

# Swallowed Up By the Ocean (Dead Silence, 2012)

## Billy Talent

We spent our lives together  
It should have last forever  
But now it's time to sail on So take this anchor from my heart  
So we can finally drift apart  
Before we drown in sorrow I gave you sanctuary  
Under the sun we lived care free  
I tried so hard to love you But then you turned your back on me  
Your good intentions turned to greed  
And now it's great to know that you have been Swallowed up by the ocean  
Swallowed oh The bluest skies turned into grey  
Through tortured eyes I watched you change  
A paradise went up in flames  
And though I cried a thousand times  
You didn't hear the lies in time  
There's nowhere left to hide since you have been Swallowed up by the ocean  
Swallowed oh Your devastation took it's toll  
As the waves came crashing to the coast  
This sinking ship, I'm taking back from your control It felt so good to cross my arms and renounce my faith in  
mankind  
How could you ever be so blind to think that you survive Swallowed up by the ocean  
Swallowed up by the ocean  
I hope you know that nothing matters  
Now that you have been  
Swallowed up by the ocean  
Swallowed up by the ocean  
I hope you know this ship has finally come to rest  
I hope you know this ship has finally come to rest  
Oh, I hope you know someday this ship will be your end
