

Sign Of Satan

Warlock

See the evil signs
See some bloody crimes
Now hell's just begun
Satan's having fun Every house in the street
Has evil seeds
The nature of the beast
Is in our breast See some children cry
See young women die
In your neighbourhood
Streets are full of blood Every house in the street
Has evil seeds
The nature of the beast
Is in our breast Watch out
No-one will listen to your
Watch out
Crying
Watch out
No-one will listen to your
Watch out
Dying See some madman's eyes
They tell you no lies
A million little knives
Destroy a million lives Every house in the street
Has evil seeds
The nature of the beast
Is in our breast Watch out
No-one will listen to your
Watch out
Crying
Watch out
No-one will listen to your
Watch out
Your dying Watch out
No-one will listen to your
Watch out
Crying
Watch out
No-one will listen to your
Watch out

Your dying
Watch out!
