Displaced

Pestilence

It's just a simple line
I can still hear it all of the time
If I can just hold on tonight
I know that nothing, nothing survives, nothing survivesI think I'm turned around
I'm looking up not looking down
And when I'm standing still
Watching you run, watching you fall, fall into meAm I making something worthwhile
Out of this place
Am I making something worthwhile
Out of this chase
I am displaced, I am displacedAnd she's my friend of all friends
She's still here when everyone's gone
She doesn't have to say a thing
We'll just keep laughing all night long, all night longAm I making something worthwhile
Out of this place
Am I making something worthwhile
Out of this chase
I am displaced, I am displacedIt's just a simple line
I can still hear it all of the time
If I can just hold on tonight
I know that no one, no one survives, no one survives
