

Displaced

Pestilence

It's just a simple line
I can still hear it all of the time
If I can just hold on tonight
I know that nothing, nothing survives, nothing survives
I think I'm turned around
I'm looking up not looking down
And when I'm standing still
Watching you run, watching you fall, fall into me
Am I making something worthwhile
Out of this place
Am I making something worthwhile
Out of this chase
I am displaced, I am displaced
And she's my friend of all friends
She's still here when everyone's gone
She doesn't have to say a thing
We'll just keep laughing all night long, all night long
Am I making something worthwhile
Out of this place
Am I making something worthwhile
Out of this chase
I am displaced, I am displaced
It's just a simple line
I can still hear it all of the time
If I can just hold on tonight
I know that no one, no one survives, no one survives
