

# Anytime

## WheelHouse

Gonna get in the car with a smile and the burn  
That I put on my arm the day  
You went away girl and I probably  
Won't come back around again  
One, two

Gonna get in the car with a smile and the burn  
That I put on my arm the day  
You went away girl and I probably  
Won't come back around again

I'm gonna drive all night through the red lights flying  
Over the hill to the county line crying  
Forgetting to forget that you're not mine  
Kiss your apocalypse for the last, last time  
Runaway, runaway, runaway again find  
Anytime you think, you changed your mind  
Anytime you want, jump back to me anytime  
Jump back to me anytime, jump back to me anytime  
Come back one more time, anytime  
There's a place where I go to take the edge off the day  
When the radios up your face fades away  
Flicker, flicker dim and fade to black  
With a back pack packed and a mark on a map  
Gonna drive too fast, gonna not look back  
Light the night with a blow torch and a match

Kiss your apocalypse for the last, last time  
Runaway, runaway, runaway again find  
Anytime you think you changed your mind  
Anytime you want, jump back to me anytime  
Jump back to me anytime, jump back to me anytime  
Come back one more time, anytime  
Got no time, reason or rhyme  
Not gonna stop, gonna ride all night  
Got no time, reason or rhyme  
Not gonna stop, gonna ride all night  
Got no time, reason or rhyme  
Not gonna stop, gonna ride all night  
Anytime, jump back to me anytime  
Jump back to me anytime, jump back to me anytime

Come back one more time  
Kiss your apocalypse for the last, last time  
Runaway, runaway, runaway again find  
Kiss your apocalypse for the last, last time  
Runaway, runaway, run, run, run  
For the last, last time  
For the last, last time  
For the last, last time  
For the last, last time
