

I Came Straight to You

Patty Loveless

[Chorus]

All I've got is what I've got

I can't act like what I'm now

Got an old soul

A tender heart

And I came straight to you Well I do my best to tell the truth

Ask my friends if you need proof

If you don't count my wreck-less youth

I came straight to you Thought I walked a twisted trail

'Til I saw where it led me to

Yeah, one foot in front of the other baby

And I came straight to you Had this picture in my mind

Of someone that I hoped

I'd find

Honey I've known you a long long time

And I came straight to you Well it seemed such a long shot

But somehow my aim was true

Like a moonbeam across the water baby

I came straight to you [Chorus] Thought I walked a twisted trail

Til I saw what it led me to

Well one foot in front of the other baby

And I came straight to you Like a moonbeam across the water baby

I came straight to you

Straight to you
