

U-fig

System Of A Down

Melt in the sun, melt in the sun
Who wants to come with me and melt in the sun?
Hide in the sky, hide in the sky
Who wants to come with me and hide in the sky?
You and me should go outside
And beat 'em, beat 'em, beat 'em
All pathetic flag waving ignorant geeks
And we'll eat 'em, eat 'em, eat 'em
Come join the cause, come join the cause
Who wants to come with me and come join the cause
Hide in the sky, hide in the sky
Who wants to come with me and hide in the sky
You and me should go outside
And beat 'em, beat 'em, beat 'em
All pathetic flag waving ignorant geeks
And we'll eat 'em, eat 'em, eat 'em
You and me should go outside
And beat em', beat em', beat em'
All pathetic flag waving ignorant geeks

And we'll eat 'em, eat 'em, eat 'em
Realize you're blind
And we're out of time it'll show your mind
Melt in the sun, melt in the sun
Who wants to come with me and melt in the sun?
Hide in the sky, hide in the sky
Who wants to come with me and hide in the sky?
You and me should go outside
And beat 'em, beat 'em, beat 'em
All pathetic flag waving ignorant geeks
And we'll eat 'em, eat 'em, eat 'em
You and me should go outside
And beat 'em, beat 'em, beat 'em
All pathetic flag waving ignorant geeks
And we'll eat 'em, eat 'em, eat 'em
It'll show your mind that you have a mind
