Description

De La Soul

I am Trugoy
A Dove-like boy
Could wingspread
But instead
I will employ

Me be Plug Three
Or Baby Huey
I eat up
All ketchup
For its tendency

I am Plug One
I'm 19 years young
I love peace
Well at least
I think we need some

I'm Q-Tip y'all
3 Feet produced by Prince Paul
This session
Was lessoned
By one Qualiall

I am Granny
Thank discoriety
The 3, 4
Yo, no more
I need peace for me

I'm China
I'm Jette
The Cue Cards we inject
We're crazy for Daisies
When we're on the set

Will rise, not fall
Definition, Prince Paul
The Mentor
Don't be sore

When I say
That's all
