

# Bad News

## Jerry Jeff Walker

Yeah, well, I picked peaches in Georgia  
And I've lumber jacked in Maine  
Been hired and fired and been in jail  
In 'bout every state you can name Hell, I'm bad news, honey  
Bad news every place I go  
'Cause I'm always gettin' into trouble  
Leavin' them girls they sure, hate to see me go Now they say bad news is like wildfire  
'N good news comes too slow  
They all call me wildfire 'bout every place I go 'Cause I'm bad news  
Seems like everywhere I go  
Hell, I'm always gettin' into trouble  
Leavin' them girls they sure hate to see the boy go Yeah, they tried to hang me in Oakland  
They tried it in San Francisco  
I wouldn't choke and I broke the rope  
They had to let me go 'Cause I'm bad news, yeah  
Just about every place I go  
Hell, I'm always gettin' into trouble  
Leavin' them girls they sure, hate to see me go 'Cause I'm bad news, babe  
'Cause I'm bad news, babe  
[Incomprehensible] bad news, babe  
I got news for you
