

# Singular Girl

**Rhett Miller**

Well, you can tell it to the radio tell it to the television  
They are not listening they are only machines  
I could sit around all day worrying and wishing  
I was one of them so you could tell it to me  
Talking to you girl is like long division, yeah  
I been trying to find you, may I remind you I'm under oath now  
I been trying to see you 'cause I can see you want the truth now  
I been trying to tell you that I can tell you are  
A singular girl, singular girl, singular girl  
Blame it on the moonlight, blame it on plate tectonics  
You thought I wasn't listening but I was  
Talk about attraction talk about electronics  
You are the reason you are because  
Talking to you girl is like long division, yeah  
I been trying to find you, may I remind you I'm under oath now  
I been trying to see you 'cause I can see you want the truth now  
I been trying to tell you that I can tell you are  
A singular girl, singular girl, singular girl  
Talking to you girl is like long division, yeah  
I been trying to find you, may I remind you I'm under oath now  
I been trying to see you 'cause I can see you want the truth now  
I been trying to tell you that I can tell you are  
A singular girl, singular girl, singular girl  
A singular girl, singular girl, singular girl
