All For Love

Planetshakers

All For Love a saviour a came
Gave his life and took my place
and Now i live for you
And all we do is Bring you praise, we bring you praise

Woah-oh-oh we're livng for your glory
woah-oh-oh coz you died to set me free
and the love that you gave when you took my place
for all the world to see
you gave everything, you gave everything
And it was all for love
(repeat all)

I was lost and saved me
i was blind and you made me see
I was broken and you healed me
And now i'm free
(repeat x4)

Woah-oh-oh we're livng for your glory
woah-oh-oh coz you died to set me free
and the love that you gave when you took my place
for all the world to see
you gave everything, you gave everything
And it was all for love
It was all for love
