

# Rondolet Control

## Special Duties

Call in the army to our poor city  
All they want is money  
These men are fascists, they abide by laws  
We'll never make it a f\*\*\*\*\* mile Rondolet Control (x2) They're the failures of the city  
President takes it, he wants money  
We have to stop it, it's been going on  
No more, no more, no more life! Rondolet Control (x2)
