

# Wave Upon Wave Upon Wave

[Biffy Clyro](#)

Why bother talking, if nobody's listening  
Blame it on the final phase of your induction  
Why bother talking, if nobody's listening  
Name it as a first born, the first born is dead There's a knife in my hand  
Covered in blood, I can't understand  
Why, fucker, why  
Wave upon wave, upon wave, upon wave Why bother sitting, I can't stand sitting  
Just blame it on someone, it's your own instruction  
Why bother talking, if nobody's listening  
Name it as a first born, the first born's alive There's a knife in my hand  
Covered in blood, I can't understand  
Why, fucker, why  
Why, why, why, why I've waited so long, I've waited so long  
To see what it takes  
I can't say no, I can't say no  
To see what it takes We're letting it go just before time  
Sink to the bottom of our lives  
We're letting it go before our time  
Out us steal our sack live Do you believe in magic?  
Do you believe in magic?  
Do you believe in magic?  
Do you believe in magic? Wave upon wave, upon wave, upon wave
