Switch!

Jazmine Sullivan

HeyI met him at the book store
He said he'd like to get to know me
Just a little more, asked me to dinner
I said, "I'd bring my girlfriend"
He said, "That's cool'"Cause he was gonna bring
His best friend but something happened
That I wasn't expecting his best friend
All night has my attentionKnow it was wrong, I couldn't help it
And I don't care, I'm bein' selfish
Know what I want
And I want your best friendAin't gonna front, uh, uh
I want your best friend, hey boy
I think I like your best friend, would you mind
If I dinned with your best friend, switchAnd you can take my girlfriend
I hardly know you, so there is no attachments
You take my chair, I'll sit right there
Well, see how that feelsAnd don't be mean
And make a scene, it ain't a big deal
'Cause somethin' happened
That I wasn't expecting his best friend
All night had my attentionKnow it was wrong, I couldn't help it
And I don't care, I'm bein' selfish
Know what I want
And I want your best friendAin't gonna front, uh, uh
I want your best friend, hey boy
I think I like your best friend, would you mind
If I dinned with your best friend, switchSee baby, it really ain't a big deal
(Switch)
I mean, you a nice guy and all but
(Switch)If I met him when I met you
(Switch)
He probably would've got the phone callDon't make no sense to leave
With the wrong guy when your best friend
Could be the love of my lifeKnow it was wrong, I couldn't help it
And I don't care, I'm bein' selfish
Know what I want
And I want your best friendAin't gonna front, uh uh
I want your best friend, hey boy
I think I like your best friend, would you mind

If I dinned with your best friend, switch?Somethin' happened unexpected
She didn't think that this would happen
She liked this guy, had a connectionIt's just with her dates best friend
Ha, ha, ha, ha
Who would've guessed it that she'd suggest
That they should just switchSwitch, switch, switch, switch, hey boy
I think I like your best friend, would you mind
If I dinned with your best friend, switch?
