

Wear You to the Ball

The Paragons

I'm gonna wear you to the ball tonight
Put on your best dress tonight
I'm gonna fun you 'till it's broad daylight
Be on your best shape tonight Though you don't suit those other guys
You suit me alright
Though you don't suit those other guys
You suit me fine I'm gonna make you the talk of town
No one will push you around
I'm gonna make you the talk of town
No use wearing a frown
Though those other guys may put you down
I'm gonna let you wear my crown
Though those other guys may put you down
You'll wear my crown Though you don't suit those other guys
You suit me alright
Though you don't suit those other guys
You suit me fine
I'm gonna wear you to the ball tonight
Put on your best dress tonight
I'm gonna fun you 'till it's broad daylight
Be on your best shape tonight
