Naked Heart

Kate Alexa

Maybe I`m grey
Maybe I`m blue
lately I dont know what to do
Dont be afraid of knowing me
Of seeing what your eyes can t seeWhat Iam thinking
Whats inside,I've got nothing to hideUndress my heart
Let it go naked
I`m not ashamed
I`m not gone fake it
I will reveal
Everything I feel
What you to see every part
Of my naked heartMaybe there`s time
Maybe there`s none
Maybe you should wait until Im done
How can we lose
It it`s our fate
Uncover me before it`s to lateWhat are you thinking
What`s inside, I've got nothing to hideUnchain my mind
Release my soul
Undo the hurt
Make my whole
I`m no the one to stop you
Once you start
