

# There Ain't Nothin' wrong With the Radio

[Aaron Tippin](#)

Sometimes she runs, sometimes she don't  
More than once she's left me on the side of the road  
The older she gets the slower we go  
But there ain't nothin' wrong with the radio  
She needs a carburetor, a set of plug wires  
She's ridin' me around on four bald tires  
The wipers don't work and the horn don't blow  
But there ain't nothin' wrong with the radioI've got sixteen speakers crossin' my back dash  
A little bobbin' dog watchin' everybody pass  
Dual antennas whippin' in the wind  
Lord, there ain't a country station that I can't tune in  
She ain't a Cadillac and she ain't a rolls  
But there ain't nothin' wrong with the radioI got stopped by a cop late last night  
Out-of-date tags and no tail lights  
He said I oughta run you in but I'm lettin' you go  
Because there ain't nothin' wrong with your radio  
I got the best lookin' gal in my hometown  
I asked her last time that I took her out  
Honey, tell me what it is that makes you love me so  
She said there ain't nothin' wrong with your radioI've got sixteen speakers crossin' my back dash  
A little bobbin' dog watchin' everybody pass  
Dual antennas whippin' in the wind  
Lord, there ain't a country station that I can't tune in  
She ain't a Cadillac and she ain't a rolls  
But there ain't nothin' wrong with the radio
