

# Time To Dream

## Greenslade

Hey but you're lovely and since I'm sincere  
I must warn you my heart cannot make up its mind why you're here  
Sit there if you've nothing to do  
I'm so very much in love but not too very much with you  
All I need is what I see, I'm free when I'm away from home  
I'm lonely and what is that perfume you're wearing  
Forgive me for staring you you remind me of someone I know  
It's your move now and what's it to be  
If I said I loved you would you then help me  
All I need is what I feel  
I'm there but it's not real  
Not like at home  
My but you're heaven but I never do encores  
I think it's pretentious, pretending to end for applause  
What's your name, I've forgotten again  
I'm in for all infinity and out of my brain  
Is your coda near the end, my friends want to go back home  
You're lovely if only the year was our own  
We could make the nights longer but the song didn't give me much time to dream
