Pledge Allegiance

Jamie Madrox

With the heart and grace of florida evans
As a family We will rise the fuck up and ride on all
You bitch ass tricks
You motherfucker ain't safe
You motherfucker ain't safe
You motherfucker ain't safe (not at all)
Because we ride in '06 and infinity[verse 1:]
Bitch yiou aint gotta like my shit my shit
Is so real sometimes that its down right ridiculous
Fictional sometimes when telling the tale
What can I say? Drama sells . you don't like it go to hellummm
I try to tell them but they just don't listen
See they be knowing the words it the message they missing
But its cool
You can go and bump it till u get your fill
And imma keep on working up on this deal(bitch I represent the underground like a sewer drain motherfucker
And with my motherfucking fam on my side..you cant see me!!)You motherfuckers ain't safe
You motherfuckers ain't safe (not at all)
You motherfuckers ain't safe
You motherfuckers ain't safe (not at all)[verse 2:]
You can jack this beat and you can jack these rhymes
And you can jack this dick 3 or 4 good times
But its cool
You don't really want no beef
With all them nights tossing and turning
And losing all that sleep
If I like your shit
Then im jocking too much
And if I hate your shit
Im cockblocking and such
Im just being me and you should just be being you and not worried about
What the fuck im about to doYou motherfuckers ain't safe
You motherfuckers ain't safe (not at all)
You motherfuckers ain't safe
You motherfuckers ain't safe (not at all)(I pledge my alliegence to the motherfucking fam
From the first day to the motherfucking end
And all you mainstream bitches better cover your dome
Because im coming)[verse 3:]
The fuck u think im stupid?

Im serious ho
Im innovative walking the footsteps of my big bro
And don't let nobody shank me
From what I wanna bring
Call it having heart in the product your distributing
They say we polluting the eardrums of some
I say fuck em we got a job and
Best believe we gonna get it done
Weak bitches this is not for you
Turn it down, turn it off
Copycats you too!If you down with the underground
Lemme see your hands up
(tell them other motherfuckers
Shut the fuck up) lemme see your hands up
If you down with the underground
Lemme see your hands up
(tell them other motherfuckers
Shut the fuck up) lemme see your hands up
If you down with the underground
Lemme see your hands up
(tell them other motherfuckers
Shut the fuck up) lemme see your hands up
If you down with the underground
Lemme see your hands up
(tell them other motherfuckers
Shut the fuck up) lemme see your hands upIf your down
