Forevermore

Side A

There are times
When I just want to look at your face
With the stars in the night
There are times
When I just want to feel your embrace
In the cold night
I just can't believe that you are mine now[Chorus]
You were just a dream that I once knew
I never thought I would be right for you
I just can't compare you with
Anything in this world
You're all I need to be with forevermoreAll those years I've longed to hold you in my arms
I've been dreaming of you
Every night,
I've been watching all the stars that fall down
Wishing you would be mine
I just can't believe that you were mine now[Chorus]
You were just a dream that I once knew
I never thought I would be right for you
I just can't compare you with
Anything in this world
You're all I need to be with forevermoreTime and again
There are these changes that we cannot end
As sure as time keeps going on and on
My love for you will be forevermoreWishing you would be mine
I just can't believe that you were mine nowYou were just a dream that I once knew
I never thought I would be right for you
I just can't compare you with
Anything in this world
As endless as forever
Our love will stay together
You're all I need to be with forever more
(As endless as forever
Our love will stay together)
You're all I need
To be with forevermore...
